

If you believe, along with BLAST, that the WDC must say '**no**' to any proposal that would lead to building on green belt or allotments in North Leamington - then email or write to the Councillors, you will find all their contacts on

www.warwickdc.gov.uk/committee

If we all email or write to all the WDC councillors they might get the message and vote in our favour at their Planning Meeting scheduled for December.

For guidance on the content of your email/letter read Campaign Strategy.
